Declaration of REACH Compliance

Dear Valued Customer,

DWTEK Co., Ltd. hereby certifies that all standard products delivered to customers meet the requirements of REACH Regulation (EC) No. 1907/2006 of the European Parliament and the Council, dated 18 December 2006. The majority of DWTEK's standard products do not contain Substances of Very High Concern (SVHC), and in cases where SVHC is present, the content is below 1000 ppm. (In accordance with REACH Article 7(2), there are exemptions, please see Note 1 below for more information).

The restricted substances are listed in the Candidate List of Substances of Very High Concern (SVHC), issued by the European Chemicals Agency (ECHA) on 14 June 2023. (See Note 2).

Under normal and reasonable conditions of use, DWTEK's standard products are not intended to release SVHC substances, and therefore, the requirement in REACH Article 7(1)(b) to register the substances contained in our standard products does not apply.

Additionally, DWTEK's standard products also comply with the restrictions mentioned in REACH Article 69, where hazardous substances were published on REACH Annex XVII on 19 November 2021.

Note 1: The sum of Lead (CAS# 7439-92-1) in our products exported to Europe is less than 1 ton per importer per year. Therefore the requirement in REACH Article 7(2) to notify ECHA if a product contains more than 1000 ppm of an SVHC and tonnage exceeding 1 ton per importer per year is not applicable to Cincon.

Note 2: The latest **233** substances subject to analysis per the REACH Regulation were **last updated on June 14, 2023**. Please refer to the following for the most current candidate list of substances: <http://echa.europa.eu/candidate-list-table>.
